This change does not affect any current employees. The second is a change to the probationary period. The county policy is moving from 6 months to 24 months, aligning itself with state policies.

GENERAL ADMINISTRATION: The County is instituting a whistle blower policy. The county is often in pursuit of federal and state grant money and many of these grants are beginning to require a whistle blower policy. Thus the County is creating a line that employees and citizens alike can call in and report any incidents or activities involving county employees.

The surrounding area is mixed zoning, restricted residential, general business and residential. The planning consultant and the planning board both gave their approval. The public hearing was opened at 6:38.

- Herman Day: Mr. Day is the pastor of the church. He spoke in favor of the amendment, planning to enhance the community.

ECONOMIC DEVELOPMENT INCENTIVE PACKAGE-PROJECT

STALLION: Chairman Falls introduced Kristin Reese, Cleveland County Economic Development Partnership Director. Ms. Reese said the first incentive agreement is for an expansion of an existing industry. The company has been in Cleveland County for 10 years and it is a retrofit of an existing facility and addition. The company will create 20 jobs over 5 years, with an average wage of \$45,000 at an investment of \$7.5 million. Proposing a 40% tax credit for five years. The City of Shelby did a similar agreement and approved it last night and CCC will be doing a collaborative program with the industry.

Public hearing was opened at 6:43.

- David Deer: David Deer encouraged the Commissioners to approve, it is a great company.

Public hearing was closed at 6:44.

ACTION: Commissioner Hawkins made a motion to approve the incentive agreement, seconded by Commissioner Allen and unanimously approved by the Board.

ECONOMIC DEVELOPMENT INCENTIVE PACKAGE-PROJECT DEER:

Mrs. Reese spoke again, stating that Project Deer was also an expansion project, 5 year old company, looking to create 5 jobs at \$45,000, proposing 50% for 3 years.

Public hearing opened at 6:47.

- David Dear: Even though it is a small amount of jobs it will be great to help us grow from within. I ask for your support.

The public hearing was closed at 6:48.

ACTION: Commissioner Hutchins made the motion to approve the incentive agreement, seconded by Commissioner Holbrook, and unanimously approved by the Board.

PETITION TO ABANDON A PORTION OF HARBOR POINT DRIVE:

ACTION: Commissioner Hutchins made the motion to recuse Commissioner Allen from the public hearing due to her personal interest in the case.

Commissioner Holbrook seconded the motion and it was unanimously approved by the Board.

Chairman Falls called Bill McCarter, Planning Director. Mr. McCarter reminded the Commissioners that this case was brought before them at the May 5th, 2015 meeting to set a public hearing to abandon a portion of Harbor Point Drive.

The public hearing was opened at 6:50.

- Ron Burns: 154 Harbor Point Drive – The small section of the road was never paved, thus creating a horseshoe. The petitioner has the most to gain here, and it is a conflict of interest, therefore he opposes the petition.
- Janet Sass: 136 Harbor Point Drive – The property should be allowed to be accessed on the other side of the road, it just needs gravel and access would

be fine. The 20 homes in that neighborhood don't want the abandonment, therefore she opposes the petition.

- Shannon Davis: Owner of adjoining property. This land was originally farmland in the family and should be closed, there are no trespassing signs that are disregarded. I am for the petition.
- Travis Hoyle: 310 Harbor Point Drive – The traffic back and forth is really bad, as is the speed. It would save time and money for families if it was left open and used. Therefore, he is opposed to the petition.
- Susan Allen: Adjoining property owner – I wanted to have the road closed because it is terribly expensive to pave. DOT will not pave it and it is dangerous. It will not change, even if it is left open.

The public hearing was opened at 7:00.

ACTION: The motion was made by Commissioner Hawkins to table the petition for 30 days, allowing the neighborhood residents to talk with each other and with DOT to see if they would be interested in paving the road. It was seconded by Commissioner Hutchins and unanimously approved by the Board.
