TBD

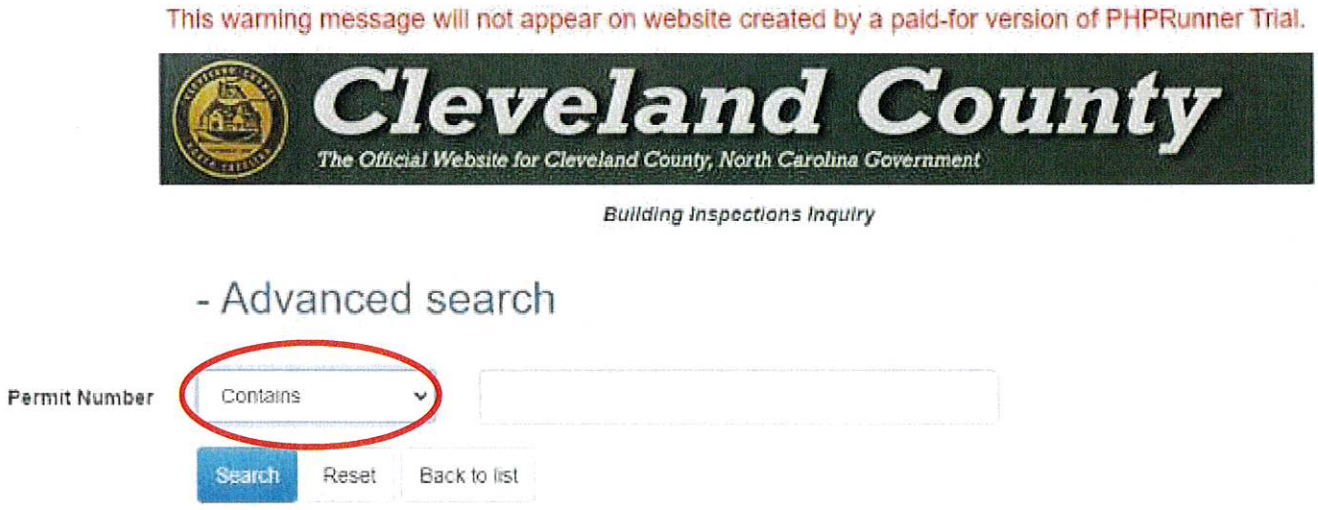

Cleveland County
NORTH CAROLINA

In an effort to better serve the citizens of Cleveland County, we have updated our website by adding Online Inspection status updates.

The inspection status is now available online. When the inspector completes the inspection, the "approval" or "disapproval" will be posted online. If "Disapproved", the reason will also be stated. This will allow contractors and owners the ability to see their inspection status, without requiring them to visit the site or call the office.

This can be accessed by going to www.clevelandcounty.com and pointing to "County Departments" and clicking on "Building Inspections". From there, go to "Online Permit Status" in the middle of the page.

Change the drop-down menu to "contains", type your permit #, and then "Search"

As always, should you have any questions, please contact us at 980-484-4997. Monday – Friday 8am- 5pm
