**REGULAR AGENDA**

**CLEVELAND MEMORIAL LIBRARY MASTER PLAN** Carol Wilson,

Cleveland County Library Director introduced herself and Dr. Anthony Chow, professor at the University of North Carolina at Greensboro, who was contracted by the library to aid in strategic plan development. Carol presented commissioners with a finalized strategic plan, reflecting minor changes in the copy they had received prior to the Commissioners meeting. Dr. Chow presented the strategic plan to the commissioners.

The library conducted a community needs assessment over a five month period from January to June 2014, using 300 individuals in the assessment as well as a randomly sampled survey of 1000 people, 2 community forums and 2 focus groups. There is a small decrease in tangible book circulation but a large increase in digital circulation. Because of the internet libraries are utilized more than ever as a nexus point for community/government and its citizenry. Communities do love libraries and core services for libraries need to be emphasized and need to be continued. Boiling Springs is a place where there needs to be more emphasis for the library. Resources in Cleveland County are quite good but access to those services is an issue here. Dr. Chow went over the core competencies of the plan and the goals of the library moving
forward. Goal 1 is high quality books and other information services and goal 2 is high quality access and technology. Goal 3 is organizational excellence and goal 4 is marketing outreach and programming.

Carol then spoke and gave the commissioners a fact sheet about libraries. She then thanked the commissioners for their help and asked for questions:

Commissioner Hawkins asked about the use of the term illiteracy in Cleveland County. He said he thought we were getting better and Carol said illiteracy is still an issue in this county and they want to foster a literacy culture. Commissioner Hutchins said that in Rutherford County the school system is putting iPads in kid's hands. Is this going to have an effect on Cleveland County if we do the same? Carol said it's not always having the right equipment but knowing how to use it which is what the library does.

Commissioner Hawkins asked if our spending on technology is pushing the library out. Dr. Chow mentioned that the library serves a need of community space and a haven of quality knowledge for people. Commissioner Hawkins asked is Mauney Memorial was doing a strategic plan with Dr. Chow and he said no because they were on a different schedule. Commissioner Holbrook spoke about poverty but emphasized the desire to continue partnering with the county and to provide services. Commissioners then recognized the friends of the library and those that partnered with them.

**COUNTY CAPITAL ASSET CAPITALIZATION THRESHOLD**  
Brian Epley, Finance Director, brought to the Commissioners a capitalization
threshold budget adjustment in an to get in line with the state numbers as follows:

Minimum capitalization costs will be as follows:

<table>
<thead>
<tr>
<th>Asset Category</th>
<th>Threshold Amount</th>

After hearing Mr. Epley’s request, Commissioner Hutchins made the motion to approve the budget adjustment. It was seconded by Commissioner Holbrook and approved unanimously.

**PUBLIC HEARING**

**ZONING MAP AMENDMENT 14-11** JD Lookadoo-2537 and 2543 Oak Grove Road: Chris Martin, Zoning Administrator brought forth a request from JD Lookadoo that two adjoining properties, 2537 & 2543 Oak Grove Road in Kings Mountain from Manufactured Home Parks (RM) and General Business (GB) to Restricted Residential (RR) properties. The request would expand an existing Restricted Residential district to the south. The proposed zoning would be in character with other waterfront properties along Moss Lake. This recommendation was approved by both the Isothermal Planning and Development Board as well as the Cleveland County Planning Board.

**ISOTHERMAL PLANNING AND DEVELOPMENT COMMISSION:**

**APPROVE**

I have reviewed the zoning map amendment application for the subject case and visited the site. The applicant requests the rezoning of two adjoining parcels at 2537 and 2543 Oak Grove Road on the west side of Moss Lake to Restricted Residential. Parcel number 21931 is 4.6 acres in
size and is presently zoned General Business (GB). Parcel number 21922 is 2 acres in size and is presently zoned Manufactured Home Parks (MHP). Surrounding land uses include a mix of manufactured homes, low density site-built residential and vacant land. Property to the north of the subject parcels is zoned GB and MHP. Property to the south is zoned Restricted Residential (RR), and to the west across Oak Grove Road property is zoned MHP and Residential. Existing structures on the subject properties are being demolished.

The 2015 Land Use Plan indicates Residential use of the property. The requested map amendment would extend the current RR district north to include the subject parcels. This request is consistent with the Land Use Plan and residential development of the property would be both appropriate and compatible with the surrounding properties. I recommend approval of the requested map amendment.

Jim Edwards

CLEVELAND COUNTY PLANNING BOARD: APPROVE

The Planning Board voted unanimously to recommend that the rezoning be approved.

NCGS 153A-341 Requirements:

Is the amendment consistent with the 2015 Land Use Plan? This area is designated “Residential”, and Restricted Residential zoning would be consistent with the plan. Is the amendment reasonable and in the best interest of the public? Restricted Residential would fit the character of development typically found along the shore of Moss Lake.

Jeff Ward, Chairman

In accordance with NCGS 153A-343, notice of the public hearing will be mailed to the property owner(s) and adjoining owners, and a sign posted on
the property by August 22, 2014. Legal ads were published in the newspaper on August 22, 2014 and August 29, 2014.
